

# The Happy Club

Bob Geldof

Every morning  
'Bout the break of day  
Every evening  
She comes up and she says

She gets up then she goes outside  
She don't know what she does  
But it feels alright

She says I, I'm a sunny girl  
Yeah, I'm feeling good  
And it's a shiny world  
Well, here she comes

She feels good, she feels great today  
When I asked she said  
"Hey, it's the happy club way"

I don't know  
I don't know what to do  
But I know if I could  
Then I would do too

I feel great, I feel fine today  
I joined the happy club  
And the happy club says  
I feel good I feel great today  
Now, I know what to say
