

To Live in Love

Bob Geldof

To live in love is all there is Life without love is meaningless
s To live in love is all there is Life without love is meaningless

Life without love is life denied To live in love is life defined
d To take a life or I'll give you mine Is to see life where life
e was blind

To live in love is all there is One life without love is meaningless

And all you are, and all you'll be And all you think, and all you'll
ou'll feel And everything you'll hear or see To live in love is
to be

Life without love, absurdity Life without love, futility
