

Can't You See

Bob Marley & The Wailers

What you're doing to me, girl
I am bound
Won't you set me free
Told me you loved me
Try to break my heart
Do dirty tricks girl
You gotta be smart
You gotta a heart
That be made of stone
Betcha ya don't have no flesh and bone
What you're doing to me, girl
I am bound
Won't you set me free
You jerk on my heart
Try ta' Shatter my brain
If you have conscience
Ain't that a shame
Told me you loved me
Try to break my heart
Do dirty tricks girl
You gotta be smart
What you're doing to me, girl
I am bound
Won't you set me free
What you're doing to me, girl
I am bound
Won't you set me free
You jerk on my heart
Try ta' Shatter my brain
If you have conscience
Ain't that a shame
Told me you loved me
Try to break my heart
Do dirty tricks girl
You gotta be smart
