

Touch Me

Bob Marley & The Wailers

Touch me, touch me, touch me yeah
Every woman and every man
Please touch me yeah yeah
Oh i see you pass my way again
And your call, call yourself my friend
Well let me tell you what's good to be
It's no no more than your love cannot be
Please so touch me said I ride on
Just a ride oh as I'm riding I'll be riding

Ooh yeah
There you go, pass my way again
Let you know, oh you're still my friend
Oh let me tell you what's good to be
We two cannot walk unless we agree
So touch me
I mean touch me
I said touch me
Said on every minute
Said i'll be riding...
