

## Cheney's Got A Gun

Bob Rivers

Dick Cheney's got a gun  
Dick Cheney's got a gun  
The safety's come undone  
Squinting in the Texas sun

What did our leader do?  
Who'd he put a bullet through?

They say when Cheney goes to Texas  
You'll find him hunting fish and game  
His buddy had it coming 'cause  
When Cheney's got a gun he's just  
Not that good at taking aim

Cheney's got a gun  
Dick Cheney shot someone  
Cindy Sheehan better run  
Gotta watch her liberal buns

Tell him that the war's not through  
He'll probably put a hole in you

He tracked a little bitty birdie  
Hoping to blow out it's brains  
They say the spell that he gets under  
From double-barrelled thunder makes his  
Eyes bug out like he's insane

Run away, run away from the Vice President Yeah Yeah Yeah  
Run away, run away, run from Dick Chey-ey-ey-ey-ey-ney

Dick Cheney's got a gun  
The safety's come undone  
Cindy Sheehan better run  
He's a weapon of mass destruction  
Dick Cheney shot someone
