

## Blue

Bob Schneider

I've got a mad proposition  
Put your heart on the line  
Take it out of its shell  
And I'll give you mine

We'll ease into space  
It's something to do  
Come with me  
We'll always be blue

We can start over  
It's never too late  
'Cause we get a second chance  
Everyday

We'll ease into space  
It's something to do  
Take my hand  
We'll always be blue
