

All Your Love

Bob Seger

Babe you know I love ya
Yes you know I love ya
I never wanna see ya go
So please don't stop me
No don't stop me
When I try to let it show

All your love, all your love
Baby, I want all your love
All your love, all your love
Baby, I want all your love

Don't keep me guessin'
Don't go 'round and messin'
I could never stand the feel
Don't say maybe
Don't drive me crazy
Come and let me show you my wheels

All your love, all your love
Baby, I want all your love
All your love, all your love
Baby, I want all
Babe, I want all your love

I can't wait
Can't wait much longer than tonight
Please don't stop me
No, don't stop me tonight
Oh

Come on darlin'
Love ya little darlin'
Show me what I need to know
Take me to the morning
All night to the morning
Baby, let your little love light glow

All your love, all your love
Baby, I want all your love
All your love, all your love
Baby, I want all your love

I said, all your love, all your love
Baby, I want all your love
All your love, all your love
Baby, I want all
Babe, I want it all
Baby, I want all
All your love
