

Johnson, Lennie

Bob Seger

Here we go tape rolling
Sgt. Pepper take 6

He doesn't know which way to go
Even though he's made the dough
Lennie Johnson's lost his way
Lennie Johnson's lost his way
He's lost his mind

...

Lennie Johnson's lost his way

He spent his time with words of rhyme
He's rang the chime
We must find

Lennie Johnson's lost his way
Lennie Johnson's lost his way
He's lost his mind
He had it yesterday
Lennie Johnson's lost his way

An apple a day keeps the doctor away
I've heard them say
Not today
