She's quite the mediator
A smoother operator you will never see
She'll see you later
And no one dares disobey her openly

She knows music, I know music too you see She's got the power, the teen queen Rosalie

Rosalie, Rosalie

She's got the plastic Comes from all the corner's corners of the world So fantastic She's everybody's favorite little record girl

She knows music, I know music too you see She's got the power, she's got the tower Rosalie, Rosalie

From Chattanooga, to good old Bogalusa You can hear them fine She makes her choices And then you best be smilin' when it's choosin' time
