## Hot Love, Cold World

**Bob Welch** 

Now there is a way to say I love you And it's said ev'ry day by some kind of fool But where is the way to tell her goodbye We both can't be wrong I must be right

Hot love in a cold world Gonna make you cry Hot love in a cold world oh yeah

Our connection was strong I thought it would last Dreams of the future not a care for the past But look at us now Not knowin' what to do You're lookin' so sad I feel so cruel

Hot love in a cold world oh yeah Gonna make you cry Hot love in a cold world Gonna make you cry But in this cold world with a hot love You'll get by Hot love in a cold world Oh yeah, oh yeah, oh yeah
