

# The Girl Can't Stop

Bob Welch

The girl can't stop  
Oh that magical power, directing her dreams  
But her only dream was to be up on the screen  
Yes and though she had my love, it didn't seem real

It was the power of a million lovers she need to fool  
She got to make it in Hollywood  
Makin' it to the top  
She knows that it might destroy her, but the girl can't stop

She got to make it in Hollywood  
Makin' it to the top  
She knows that I really love her, but the girl can't stop  
She can't stop

She didn't need money  
I had some of that  
But she needed to know it was her those eyes were lookin' at  
Now she's selling her secrets, and shoppin' her past

She was a beautiful baby  
But she's gettin' old fast  
She got to make it in Hollywood

Yeah, reachin' out for the top  
To feel the eyes of a million lovers  
The girl can't stop  
She got to make it in Hollywood  
Feelin' her way to the top  
Well, she knows that I really love her, but the girl can't stop
