Penduli Pendulum

Bobbie Gentry

Penduli pendulum

Swing around, beat the drum

In July, I'll deny

The illusion

I'll be gone, beat the drum There I go, here I come And goodbye means good try No conclusion

Pendulum
Like perfect rhyme
Always in predicted time
Penduli when will I learn
Departure means a sure return

Slice the pie, leave a crumb What have I now become When the lie is just some Sad inducement

Stifled cry will become Just a sigh, so hum-drum When goodbye serves as my One amusement
