

# Pursuing Happiness

**Bobby Bare**

I know that my surroundings aren't the very best  
But my soul's on fire and won't let me rest  
I'm doing things I really shouldn't do I guess  
I'm just pursuing happiness.

I'm living much too fast a pace with two to care  
I'm just looking for a dream that I can share  
I'm sinking fast but no one hears my SOS  
I'm just pursuing happiness.

Almost everyone I know has someone to worry  
Someone to cheer them when they're low  
So if I walk by you in too big a hurry it's because I got no place to go  
Wherever people gather that's where I'll be found  
In hope that someone's hand will reach and slow me down.

Behind me I can feel that demon loneliness  
I'm just pursuing happiness.

Almost everyone I know has someone to worry  
Someone to cheer them when they're low  
So if I walk by you in too big a hurry it's because I got no place to go  
Wherever people gather that's where I'll be found  
In hope that someone's hand will reach and slow me down.

Behind me I can feel that demon loneliness  
I'm just pursuing happiness.

I'm just pursuing happiness.  
I'm just pursuing happiness...
