

## Cry, Cry, Cry

Bobby "Blue" Bland

Cry, cry, cry, cry  
That's what I want you to do  
Then think about the lonely nights  
I sat alone and cried for you

Cry, cry, cry years  
You said you didn't want me to go  
It's hard to say goodbye  
But I won't believe a word you say

Until you hang your head  
And cry, cry, cry, cry, cry  
Let your tears fall like rain  
And then I'll know  
My love for you wasn't in vain

Come on and cry me an ocean  
Then I want you to cry me a sea  
Somebody's hurt you, just like you hurt me  
Cry me a river, cry me a sea
