

## Deep In My Soul

Bobby "Blue" Bland

There are somethings I may not know  
Places in this world I may never go  
But your love to me means more than gold, oh Lord  
I don't have to wonder no more, I can feel it all in my soul

This way I feel, it must be a thrill  
And I'm so happy to tell you that I know your love is real  
For once in my life, oh Lord, I have someone to hold  
I don't have to wonder no more, I can feel it all in my soul

I'll never forget the hour not a day  
You came into my life and took all of my loneliness away  
For once in my life, oh Lord, I have someone to hold  
I don't have to wonder no more, I can feel it all in my soul  
It's in my soul, it's deep down in my soul

And I don't have to wonder no more  
Oh, I know your love is real, it's all in my soul
