Lovin' You Down

Bobby Brown

```
Yeah, how you doin' love?
I have a few things on my mind
That I would like to discuss with you
It's been hurtin' me inside
Let me just tell you like this

Seems so long but it was just last night
I held you close to me
But when you're not with me, time just passes by
Until the next time you are by my side babe

And when the time comes girl, I'm gonna hold you
Wrap you up real tight into my arms, yeah
Tenderly I'll touch you till you'll feel all my emotions
And I'll never let go, never let go till I have your heart

Lovin' you down, lovin' you down taking you higher
All way all the way, never let go never let go
Lovin' you down, lovin' you down taking you higher
All the way always never let go never let go

Now baby that the time is near
Moments go by slow
And every minute, minute of the hour
I think of you and how I love you so?

When the time comes girl, I'm gonna love you
Wrap you up real tight into my arms
Tenderly I'll kiss you till you feel all my emotions
And I'll never let go, never let go till I have your heart baby

Lovin' you down, lovin' you down taking you higher
All the way always, never let go never let go
Lovin' you down lovin' you down taking you higher
All the way, never let go never let go

You know baby
There's so many things that I wanna say
But instead of saying 'em in words
Let me show you, let's dance, sorry girl

Lovin' you down lovin' you down taking you higher
All the way, never let go never let go
Lovin' you down lovin' you down taking you higher
All the way never let go never let go

Lovin' you down lovin' you down taking you higher
All the way never let go never let go
Lovin' you down lovin' you down taking you higher
All the way never let go never let go

Lovin' you down lovin' you down taking you higher
All the way never let go never let go
Lovin' you down lovin' you down taking you higher
All the way never let go never let go
```
