

## Special To Me

Bobby Caldwell

You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue  
You hold me close  
You've always been so special to me

When I think about my life  
Before I met you  
I'd wake up to this loneliness  
And long for someone new

You have been the reason  
For me to carry on  
I can't imagine life at all  
If your love was gone

You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue  
You hold me close  
You've always been so special to me

When we're together  
There's nothing we can't do  
There can be no other  
I would compare to you

You have been the reason  
For me to carry on  
I can't imagine life at all  
If your love was gone

You are so special to me  
Loving you was surely meant to be  
And when I'm feeling blue  
You hold me close  
You've always been so special to me

There could never be  
Another love for me  
' Cause you made my dreams come true  
Love until the end  
We'll be lovers, best of friends  
Stay with me  
Eternally
