

# Stay With Me

Bobby Caldwell

How can you say it's over  
What can there be that we can't over come  
Why do you turn away  
Are you so afraid of needing someone  
Didn't we say forever  
I still believe feeling's strong enough  
Before you walk away  
Let me here  
You say you don't need my love

Stay with me  
Darling after all that we've been through  
Nobody else can warm your lonely nights  
No one's gonna love you like I do  
Stay with me  
Can't you see we've got too much to lose  
Oh stay with me, stay with me baby please  
Where is our happy ending  
And all of our promises  
Did you forget  
Tell me what's the use in love if it can less  
No I can't never let you live in this way  
I want you to stay

Got to make you stay somehow  
Tell me what is gonna take it  
I can't live without you

So please don't leave me now
