

## Another Song on My Mind

Bobby Darin

All right, girl  
Were makin music lyin here tonight  
The kind of song that cant last long  
But keeps on feelin right

I hear the tune youre playin  
And it makes my soul unwind  
But I cannot sing your melody  
With another song on my mind  
Oh, no

I can feel the shadows  
Of a worn out melody  
Simple tune that ends too soon  
In broken harmony

The interludes of changin moods  
That never seek to bind  
But I cannot sing your melody  
With another song on my mind

Treat me like a movie  
That you have seen before  
You know the way the ending goes  
But you still come back for more

So, girl keep on composin  
Let the music be  
And always kind of song for you  
A sometime song for me

And when your bed is empty  
Please dont think me unkind  
But I cannot sing your melody  
With another song on my mind  
Oh, no

And when your bed is empty  
Please dont think me unkind  
But I cannot sing your melody  
With another song on my mind  
Oh, no
