

Don't Call My Name

Bobby Darin

Well, you hurt me so
When you said you'd go
Don't call my name
Things ain't the same
And if you call my name
You'll be callin' in vain

Well, I believed your lies
But now I'm wise
Don't call my name
Things ain't the same
And if you call my name
You're only callin' in vain

Well, I tried to please
But you just teased
Don't call my name
Things ain't the same
And if you call my name
You'd be callin' in vain

Well, now I'm through
Goodbye to you
Don't call my name
Things ain't the same
And if you call my name
You'll be callin' in vain
