

Night Song

Bobby Darin

Summer ... not a bit of breeze
Neon signs are shining through the tired trees
Lovers walking to and fro
Everyone has someone and a place to go.

Listen ... hear the cars go past
They don't even see me, flyin' by so fast
Moving ... going who knows where
Only thing I know is I'm not going there.

Where do you go
When ya feel that your brain is on fire ...
Where do ya go
When you don't even know what it is you desire ...

Listen ... laughter everywhere
Hear it ... life is in the air ...

As the night comes and the town awaits
Sounds of children calling and the squeal of breaks
Music ... but a lonely song
When you can't help wondering ...

Where do I belong
Where do I belong ...

Where do I belong
