

Sugar-Man

Bobby Darin

Sugar man, sugar man
Save some sweets for me
Sugar man, sugar man
Come and set me free
Sugar man, sugar man
You're the only one who understands

Sugar man, sugar man
I can talk to you
Sugar man, sugar man
You know what to do
Sugar man, sugar man
You're the only one who understands

When I'm downed to the ground
And there ain't no love around
The only sound is a lonely sound
And I bless the day I've found you

Sugar man, sugar man
Save some sweets for me
Sugar man, sugar man
'Cos I'm in misery
Sugar man, sugar man
You're the only one who understands

I've been on my own too long
Without a dream, without a song
Everything I do is wrong
But now I know that I belong to

Sugar man, sugar man
Come and set me free
Sugar man, sugar man
I'm in misery
Sugar man, sugar man
You're the only one who understands
