

The Other Half (Of Me)

Bobby Darin

Somewhere there has to be
The other half of me
The other half of me I've yet to meet

One special someone
Whose heart has a similar leaning
And if she were right for me
Day and night for me would have meaning

The other half of me
That unknown quantity
That unseen destiny
Could make me complete

Is there a chart for the heart, or a graph?
Will we meet on the street with a laugh?
Will we know one another if I ever meet my other half?

The other half of me...
