

# Whatever Happened To Happy

**Bobby Darin**

Captain Jim, what's wrong with him?  
He used to be so strong, now he's dying  
Indian scout, dance and jump about  
He used to be so brave, now he's crying

Whatever happened to happy  
Was he all a state of mind?  
Whatever happened to the happy days  
We left far behind?

Rainy days, the games we played  
My room, the place that made me happy  
Rain would fall so I would call  
My friend Joe when he would call me happy

Whatever happened to happy  
Was he all a state of mind?  
Whatever happened to the happy days  
We left far behind?

I won't forget them  
Things that have passed me by  
I can see all the things that used to be  
Still within the heart of me

Whatever happened to happy  
Was he all a state of mind?  
Whatever happened to the happy days  
We left far behind?

Dressed in white, she looks all right  
She was the girl who dressed up Sunday morning
