

I'm Only A Man

Bobby Lewis

If today I make the same mistakes I made yesterday
If I should fail to sentimental things I should say
If I take too for granted please try to understand
It's because I'm only a man

From time to time I may change like any man can do
But my love will always be the same and all of it's for you
If it seems like sometimes I'd forget the things your love demand
It's because I'm only a man
