

# Come to Me

**Bobby McFerrin**

When I'm feeling anxious in my head  
He tell me to come to Him instead  
Come to Him when weary  
Come to Him when low  
He will lift this burden, this I know

Take my yoke upon you learn from me  
Take my yoke upon you and you'll see  
Come to me I'll strengthen  
Come to me I'll help  
Come to me I'll still anxiety

So when I find that I have gone astray  
I can go to Him and he won't send me away

Come to me I'll strengthen  
Come to me I'll help  
Come to me and listen what I say  
Come, come, come to me

When I'm feeling anxious in my head  
He tell me to come to Him instead  
Come to Him when weary  
Come to Him when low  
He will lift this burden, this I know

Take my yoke upon you learn from me  
Take my yoke upon you and you'll see  
Come to me I'll strengthen  
Come to me I'll help  
Come to me I'll still anxiety
