

Medicine Man

Bobby McFerrin

i am a medicine man, i do a medicine dance
i am a medicine man, i sing a medicine chant
i am a medicine man, i have a medicine tale
i am a medicine man, i walk a medicine trail

i got potions that'll heal your wounds
and the rhythms that i drum will soothe,
i got harmonies to give you hope
i'm a medicine man
healin's my plan

i am a medicine man.....(chorus)

i got melodies to take you home
and my dance will help your blood to flow
i got words to make the devils go
i'm a medicine man, healin's my plan

whatever could be ailin' you
i got music to dispel your blue
there is nothing that I cannot do
i'm a medicine man
healin's my plan
