

# Cherie

**Bobby Rydell**

Oh, Cherie  
Baby, don't you worry  
For I love only you

Oh, Cherie  
I'm half crazy  
With the love so true

Yes, my love is love  
Forever, ever, ever true  
Never fear, love is here to stay  
Cherie, hurry, hurry, hurry  
Let me kiss your worries away

Cherie  
A thousand stars in the skys  
They all know that  
I'm not telling a lie

Angel baby, believe what I say  
I'll still love you tomorrow  
Even more than I love you today  
I'm yours, come what may

Yes, my love is love  
Forever, ever, ever true  
Never fear, love is here to stay  
Whoa, oh, oh, oh  
Cherie, hurry, hurry, hurry  
Let me kiss your worries away

Cherie
