Bobby V

Take you to the bathroom you know what's up
I'mma whisper sweet nothings in your ear uh you're tough
I can't get enough and you can't either
Damn you're so hot, your nickname ether
Call me mister pleaser, love jones
All these chicks be calling blowing up my phone
Saying they got my new single as their ringtone
But I want you girl, 'cause you a different type girl
You can get it in the morning, middle of the night
Anytime you want it, I'll be on point
Hesitate to call in, I'mma go all in
Never thought but I guess I'm fallin'

Would you be my girl, I can be your man
We can take over, if you know what I'm saying
We can do it big, more than just a night
Baby come with me, 'cause I can do you right
Know it's 3 in the morning, I can do you right
And I know what you're thinking, not the first night
But girl let me show you, I can do you right
Even know it's 3 in the morning, I can do you right

I wanna take you to the bedroom, and when were inside
Show you what I mean, show you my love
We ain't gotta talk, bring it all to life
Say you wanna skip dinner, and go straight to the wine
That will be cool, that will be new, sick of all the same game
I know you want to, so lets switch it up
Lets drink too much
Whatever you want, we ain't gotta rush

You can get it in the morning, middle of the night
Anytime you want it, I'll be on point
Hesitate to call in, I'mma go all in
Never thought but I guess I'm all in

Would you be my girl, I can be your man
We can take over, if you know what I'm saying
We can do it big, more than just a night
Baby come with me, cause I can do your right
Know it's 3 in the morning, I can do you right
And I know what you're thinking, not the first night
But girl let me show you, I can do you right
Even know it's 3 in the morning, I can do you right
Even know it's 3 in the morning, Even know it's 3 in the morning
Even know it's 3 in the morning, Even know it's 3 in the morning (x2)
