

Dance The Night Away

Bobby Valentino

Oh yeah (6x) oooh

Hold me, hold me
Baby don't let me go
This feeling, the feeling
In your arms they continue to grow
When we move to the left
We move to the right
I spin you around
Look into your eyes
We be dancing dancing
The night
The night away

Oh yeah (6x)

When we move to the left
We move to the right
I spin you around
Look into your eyes
We be dancing dancing
The night
The night away
