

# Hang On

Bobby Valentino

Yeah! Hey, girl let me get right to the point  
I don't wanna waste no time  
I made reservations for us,  
No dress code, clothes are optional  
But wait, girl, before you grab your coat  
I need to warn you, you might get dirty  
Don't worry about it, cause you might not need it at all!  
Oh, yeah!

I'm about to take you in the clouds, clouds  
Ain't nobody up there, girl you're loud,  
Really hope you ain't afraid of heights!  
Cause we're going to the sky tonight!

[Chorus:]

Hang on, it's about to get rough when I put that thing on you,  
I know you've been waiting on all day for this,  
?, play with it, girl!  
Ain't no hurry, I'm a stay in here!  
Girl, if you lose your grip, hang on!  
And if you start to slip hang on!  
Go in just a little bit and  
Hang on, hang on!  
Hang on, hang on!

Let's go!

Say girl, tell me what's good,  
Is it everything you'd dream it'd be!  
Cause the look on your face is the same,  
Is the best thing you ever had!  
Oh, oh, oh!  
Uhuu girl, it's a million ways, to get you to that place  
And you know where it's going; you know I make you moan  
Till the early morning comes

[Chorus:]

Hang on, it's about to get rough when I put that thing on you,  
I know you've been waiting on all day for this,  
?, play with it, girl!  
Ain't no hurry, I'm a stay in here!  
Girl, if you lose your grip, hang on!  
And if you start to slip hang on!  
Go in just a little bit and  
Hang on, hang on!  
Hang on, hang on!

You ain't never been on a trip like this before,  
We hittin corners like eighty five, we ain't slowing down!  
Girl, can you handle it, oh!  
I'm a about to take you on a ride,  
I'm switchin gears,  
Cause we're going there tonight,  
And we will never have to come down,  
We're better off the ground!

[Chorus:]

Hang on, it's about to get rough when I put that thing on you,

I know you've been waiting on all day for this,  
?, play with it, girl!  
Ain't no hurry, I'm a stay in here!  
Girl, if you lose your grip, hang on!  
And if you start to slip hang on!  
Go in just a little bit and  
Hang on, hang on!  
Hang on, hang on!
