

L-O-N-E-L-Y

Bobby Vinton

Lonely Lonely

The "L" is for the laughter, we shared from the start

"O" is for the only girl in my heart

The "N" is for the night, you told me we were though

For you had found somebody new

"E" is for the end of my world, a place I shared with only you

Empty, my world is dark

Loneliness has just begun

The "L" is for the Love that was meant for me only

And "why" Why did you leave me lonely. Lonely
