

# Simple Man

**Bobby Womack**

Every thing's simple, ha, it's bound to catch on quick  
And if you hang around, hang around, you know you can't resist

I'm a simple man livin' everyday life, I work a hard job every  
night  
And I come home straight to my wife, bring her lot of pay  
Don't mind working everyday, it's my right

Ah, uh, you see, I don't put down a man, I work for better hand  
'Cause I know I'm doin' the best I can

I'm a simple man, everyday people, alright  
Now listen to me, when it come to my music, music, music, music  
Got to be simple but funky, I got to, I got to

Everybody get down, everybody get down, got to, got to  
Got to move if the feelin' doesn't groove

Now listen to me, you have got to get a thing, yeah  
That you like to do, if you do me, good lord, I'm gonna do you  
Hang on in there, hang on in there, we'd only wanna

But we stand just as tall and I have started too late  
They're going out and havin' a ball  
Everyday people, everyday people, got to, got to, got to, my

Like if a roof caved in you might as well forget it  
I take like for what it is, I wanna hear you dig it  
I don't believe in volumes, I don't believe in deals

I don't put down a man, I don't put down a man for the way he f  
eels  
Got to, got to, got to, got to, got to, got to

There's somethin' that you gonna do but you won't do  
Try to understand me, I'm tryin' to understand you, yeah

Get on down, get on, get on, get on, get on, get on down  
Got to, got to, got to, got to, tease me, got to, please me  
Baby, good lord, baby

Ah, we can work it out, ah, we can work it out without a doubt  
Ah, we can work it out, ah, we can work it out

And lets get the thing together and lets get the thing together  
Hang on in there, hang on in there
