

Blind Fold

Bodyjar

Did you hear what the TV told you about the raid today
Did you believe every reason why they took our rights away
I will not remain (silent) blind to the truth
And blinded by the television light
Did you read what the papers wrote about our set of laws
They unify and discriminate
Then hope that it is solved
I will not complain
Who would listen to a small man
Is there someone out there who will listen
And not give in to television
Who would listen
Who's on our side
