

Let 'em Loose

Bodyjar

I left MTL and my babe behind
This is anarchy one more time
5 Aussies and a Greek in the van
Travelled across the world to drive across this and

Let 'em loose Let 'em loose
Start her up and hit the juice
Hope to God we don't hit a fuckin' moose

Endless highway and cigarette butts
Bloodshot eyes
Empty coffee cups
Been driving for a thousand kliks
And now I'm getting pulled over by the pigs again (Fuck)
Feel the tension in the van
Unless you've done it you'd never understand
Gotta make it to the next show
Sleep deprivation overload
Anal vapours
Smelly socks
Sleeping on a pizza box
Wasted in a bar
Vancouver B.C.
Swilling back the brews
Reflecting on the journey
It was long and hard and that's a bloody fact
Only problem now is I gotta drive back.
Fuck!
