

## 7th Offensive

**Bolt Thrower**

Shadows amongst the cloudburst  
Maelstorm returns  
A darkened shroud begins descent  
Wasted man secured  
As pulses fade  
Seventh offensive laid down  
Project D.O.4  
Hearoes made dishonoured ground

Artillery now silent  
Fires forever still  
Chlorine burnt the throat  
Of all blood agent kills  
Gradients of syndrome  
Clouds of war enraged  
The day is lost, the night has won  
All ends at point blank range

Maximum casualties  
The pointless slaughter  
Wiped out generations  
Man, en masse destroyer

Final road to glory  
Surrendered life eternally  
No survivors  
Now proclaim the call for victory
