

Even Winning Feels Bad

Bomb the Music Industry!

There's a song tonight that I don't wanna sing.
It seems like I'm complaining about something I've lost interest in.

So I sing "ba da badbabababa, here we go again."

There's a crowd tonight that I'm not gonna please.
Feels I'm desperately reaching for something that was there for
, like, a day.

It went away and now I have nothing left to say.
So I'm not gonna stay going "hey! hey! hey! hey!"
Baby, I won't impress you no matter what.

There's a man tonight that I don't wanna meet.
Everyone's competing to be famous.
I don't even wanna be on a list of D-Rate celebrities.
I think I'd rather leave.
I've got my bag over my sleeve and my ticket out of town expires tonight.

Hey, would you like me if I stayed forever young?
Well, it sucks, but no one does.
Get used to staying out of touch with everyone you'll ever meet
.
Continue feeling awkward in all social surroundings.

I'm not feeling very young these daaaaaaaaaaaaaaaaaaaaaays.
