

## How Are You

**Bombay Bicycle Club**

She seemed like an alright girl  
And I was thinking just one night wont hurt  
And I remember saying to her  
I don't want to get much older.

So Long  
So Long  
So Long

Always seem to be on the run  
We haven't spoken in so long  
We can't get past the how are you  
We're not talking like we used to

So Long  
So Long  
So Long

Always seem to be on the run  
We haven't spoken in so long  
We can't get past the how are you  
We're not talking like we used to

So Long  
So Long
