

## Jewel

**Bombay Bicycle Club**

Old dust, old dirt, they're mine and only mine  
I'm just some mortal, you are so divine  
You control the game without playing it right

Raise high in me what once did sink below  
All dark within now radiantly glows  
Come on take me back all that time ago

Our love was just one of your discarded jewels  
You think back to it's price and oh you feel a fool  
But in that certain light, it looked so beautiful
