

# Hey, Ma

Bon Iver

I waited outside  
I took it remote  
I wanted a bath  
"Tell the story or he goes,  
Tell the story or he goes"

Full time you talk your money up  
While it's living in a coal mine  
Tall time, to call your Ma  
Hey Ma, Hey Ma  
Tall vote, you know you mope it up  
Well you wanted it your whole life  
You're back and forth with light

I waited outside  
I was toking on dope  
I hoped it all won't go in a minute  
With the past that you know  
I wanted all that mind sugar  
I want it all mine  
I had a heavy mind, sugar  
I took it, it was right

Full time you talk your money up  
While it's living in a coal mine  
Tall time, to call your Ma  
Hey Ma, Hey Ma  
Tall vote, you know you mope it up  
Well you wanted it your whole life  
You're back and forth with light

(Hey Ma, Hey Ma, Hey Ma)

I waited outside  
Then you took me in the room  
And you offered up the truth  
My eyes crawling up the window to the wall  
From dusk till dawn  
Let me talk to em  
Let me talk to em all

Full time you talk your money up  
While it's living in a coal mine  
Tall time, to call your Ma  
Hey Ma, Hey Ma  
Tall vote, you know you mope it up  
Well you wanted it your whole life  
You're back and forth with light
