

# Everybody's Broken

Bon Jovi

Welcome to the party, Come on in and disappear,  
You're feeling like stranger, but all your friends are here,  
Little lies and cracks, around your eyes and mouth,  
Something's trying to get in, something's trying to get out,

G D Em C Ref : It's ok, to be a little broken, everybody's broken, in  
this life,  
It's ok, to feel a little broken, everybody's broken, your alright,  
It's just life,

Step into the deep end, make yourself at home,  
When you wonder why your breathing, know your not alone,  
Its so hard to believe, its easier to doubt,  
You're trying to hold in, but your dying to scream out,

R: It's ok to be a little broken,...

(Solo)

Take a look around, tell me what you see,  
Is who you think you are, who you want to be,  
It's ok, to be a little broken, everybody's broken, in this life,  
It's ok, to feel a little broken, everybody's broken, your alright  
Keep on going, Eyes wide open, everybody's broken, Everybody's broken  
Everybody's broken, Everybody's broken, everybody's broken,  
Everybody's broken  
Yeah konec na C.
