

# Happy Now

Bon Jovi

What would you say to me  
If I told you I had a dream  
If I told you everything  
Would you tell me to go back to sleep

Take a look in these tired eyes  
They're coming back to life  
I know I can change, got hope in my veins  
I tell you I ain't going back to the pain

Can I be happy now?  
Can I let my breath out  
Let me believe I'm building a dream  
Don't try to drag me down

I just wanna scream out loud  
Can I be happy now?  
Went down on my knees I learned how to bleed  
I'm turning my world around

Can I be happy now  
Can I break free somehow  
I just wanna live again, Love again  
Take my pride off off of the ground

I'm ready to pick a fight  
Crawl out of the dark to shine a light  
I ain't throwing stones, got sins of my own  
Everybody just trying to find their way home

Can I be happy now?  
Can I let my breath out  
Let me believe, I'm building a dream  
Don't try to drag me down  
I just wanna scream out loud

Can I be happy now?  
Went down on my knees, I learned how to bleed  
I'm turning my world around

You're born and you die, and it's gone in a minute  
I ain't looking back, 'cause I don't wanna miss it  
You better live now  
Cause noone's gonna get out alive - alive

Can I be happy now?  
Can I let my breath out  
Let me believe I'm building a dream  
Don't try to drag me down

I just wanna scream out loud  
Can I be happy now?  
Went down on my knees I learned how to bleed  
I'm turning my world around

Can I be happy now oohooh  
I'm turning my world around

Can I be happy now?
