

Happy Now

Bon Jovi

What would you say to me
If I told you I had a dream
If I told you everything
Would you tell me to go back to sleep

Take a look in these tired eyes
They're coming back to life
I know I can change, got hope in my veins
I tell you I ain't going back to the pain

Can I be happy now?
Can I let my breath out
Let me believe I'm building a dream
Don't try to drag me down

I just wanna scream out loud
Can I be happy now?
Went down on my knees I learned how to bleed
I'm turning my world around

Can I be happy now
Can I break free somehow
I just wanna live again, Love again
Take my pride off off of the ground

I'm ready to pick a fight
Crawl out of the dark to shine a light
I ain't throwing stones, got sins of my own
Everybody just trying to find their way home

Can I be happy now?
Can I let my breath out
Let me believe, I'm building a dream
Don't try to drag me down
I just wanna scream out loud

Can I be happy now?
Went down on my knees, I learned how to bleed
I'm turning my world around

You're born and you die, and it's gone in a minute
I ain't looking back, 'cause I don't wanna miss it
You better live now
Cause noone's gonna get out alive - alive

Can I be happy now?
Can I let my breath out
Let me believe I'm building a dream
Don't try to drag me down

I just wanna scream out loud
Can I be happy now?
Went down on my knees I learned how to bleed
I'm turning my world around

Can I be happy now oohooh
I'm turning my world around

Can I be happy now?
