

# Last Man Standing

Bon Jovi

1. Come see a living, breathing spectacle only seen right here  
It's your last chance in this lifetime, the line forms at the rear  
You won't believe your eyes  
Your eyes will not believe your ears  
Get your money out, get ready  
Step right up, yeah you, come here
  
2. You ain't seen nothing like him, he's the last one of the breed  
Better hold on to your, honey, honeys, don't forget to breathe  
Enter at your own risk, mister  
It might change the way you think  
There's no dancers, there's no diamonds  
No, this boy don't lip synch
  
- R: Here's the last man standing  
Step right up, here's the real thing  
The last chance of a lifetime  
Come and see, hear, feel the real thing
  
3. See those real live calloused fingers wrapped around those guitar strings  
Kiss the lips where hurt has lingered  
It breaks your heart to hear them sing  
The songs were more than music, they were pictures from the soul  
So keep your pseudo-punk, hip-hop, pop-rock junk  
And your digital downloads
  
- R: Here's the last...
  
4. Take your seats, now folks - it's showtime, hey, Patrick, hit the lights  
There's something in the air, there's magic in the night  
Now here's the band, the really play  
I'll count the first one in  
I don't know where it's going  
We all know where it's been
  
- R: Here's the last man standing  
Step right up, here's the real thing  
The last chance of a lifetime  
To come and see, hear, feel  
The last man standing  
Step right up, here's the real thing  
The last chance of a lifetime  
Come and see, hear, feel  
The real thing, the real thing, the real thing, the real thing
