

# Roller Coaster

Bon Jovi

I see you thinking twice  
Wish I could read your mind  
Move up or out of line  
Too late for praying  
I know we might lose our breath  
We might be scared to death  
This chance is like a step  
Just got to take it

Whoa oh oh oh oh oh oh  
Countdown to here we go oh oh oh oh oh oh

Hold on tight, slide a little closer  
Up so high stars are on our shoulders  
Time fly's by, don't close your eyes  
Kiss by kiss love is like a thrill ride  
What goes up might take us upside down  
Life ain't a merry go round

It's a roller coaster  
It's a roller coaster

Can't lie and won't pretend  
I know what's round the bend  
Too late to start again  
Won't take it slower  
Let's slip right off these tracks  
We'll fly or we might crash  
Don't look down, don't look back  
Cause it ain't over

Hold on tight, slide a little closer  
Up so high stars are on our shoulders  
Time fly's by, don't close your eyes  
Kiss by kiss love is like a thrill ride  
What goes up might take us upside down  
Life ain't a merry go round

It's a roller coaster  
It's a roller coaster

Whoa oh oh oh oh oh oh  
Countdown to here we go oh oh oh oh oh oh

Hold on tight, slide a little closer  
Up so high stars are on our shoulders  
It's a roller coaster  
Kiss by kiss love is like a thrill ride  
What goes up might take us upside down  
Life ain't a merry go round

It's a roller coaster  
It's a roller coaster  
Roller coaster  
It's a roller coaster
