

Summertime

Bon Jovi

Feels something like summertime
Top down ain't nothing but time
Radio's on and you're by my side
Feels something like summertime

These days life goes like this
Wake up, check that off of some list
Gotta be a little something more than this
at the bottom of my coffee cup
I keep a postcard in the back of my mind
White sand, sunshine
And you're shining like a brand new dime
That's keeping me from giving up
Thinking like I had enough

You make me feel something like summertime
Top down ain't nothing but time
Radio's on and you're by my side
Feels something like summertime
Like that first slow dance and that first long kiss
There ain't nothing baby better then this
It's like a beach blanket and a bottle of wine
It feels something like summertime
Summertime

I was a warm breeze with a cool tan
Life mapped out on the back of my hand
When I was laughing I was making plans
But I didn't laugh when I found you
If there's a heaven baby you're the proof

You make me feel something like summertime
Top down ain't nothing but time
Radio's on and you're by my side
Feels something like summertime
Like that first slow dance and that first long kiss
There ain't nothing baby better then this
It's like a beach blanket and a bottle of wine
It feels something like summertime
Summertime

Feel something like summertime
Top down ain't nothing but time
Radio's on for me and my valentine
Like that first slow dance and that first long kiss
There ain't nothing baby better then this
It's like a beach blanket and a bottle of wine (yeah)
Feels something like summertime
Top down ain't nothing but time
Radio's on and you're by my side,
Feels something like summertime
Just like summer time
Summertime
Something like summertime
