

# That's What the Water Made Me

Bon Jovi

Baby, baby, baby  
There's no use in trying to save me  
There's devils in heaven  
There's angels in hell  
So, blow me one last kiss  
And wish me well, well

Love is like fingerprints  
They don't wash away.  
I left mine all over you.  
I take the blame.

Ask me how  
Ask me what  
Ask me why, baby

That's what the water made me  
That's who I am and what I'll be  
That's what the water, that's what the water made me  
There ain't no doubt about it  
It makes you or brings to your knees  
That's what the water, that's what the water made me

This world is cracked and crazy.  
Say one of your pretty prayers for me.  
No rose in the garden  
Or wish in the well.

I don't know how  
Don't know what  
Don't know why, baby

That's what the water made me  
That's who I am and what I'll be  
That's what the water, that's what the water made me  
There ain't no doubt about it  
It makes you or brings to your knees  
That's what the water, that's what the water made me  
That's what the water, that's what the water...

Ask me how,  
Ask me what,  
Ask me why...

Baby, baby, baby  
There's no use in trying to save me  
There's devils in heaven  
There's angels in hell

(Hold me close, hold me close, hold me)

That's what the water made me  
That's who I am and what I'll be  
That's what the water, that's what the water made me  
There ain't no doubt about it  
It makes you or brings to your knees  
That's what the water, that's what the water...
