

# The Last Night

**Bon Jovi**

These days, its hard to have a heart  
It doesn't matter where you come from, or who you think you are  
These days, it's hard just fitting in  
Why does someone have to lose, for someone else to win  
We're all looking for forgiveness, and someone we can trust  
You can wrap your arms around the world  
It all comes down to us

This is the last night, you'll have to be alone  
I'll be standing right beside you, you can't make it on your own  
So walk with me, please, help me to be strong  
I'll be the shoulder you can lean on, when everybody's gone  
This is the last night, you'll have to be alone

I know, you, heard it all before

There's nothing worst than living less  
When you yearn for something more  
Makes no sense, its hard to understand  
When there's something that should fill you up  
Keeps slipping through your hands

We're all looking for answers  
We're all down here on our knees  
All anybody really wants, is something to believe  
Enough is enough, I can't take any more  
But I'm standing on your front porch  
Kicking down your door  
This is the last night  
This is the last night
