

These Days

Bon Jovi

1. I was walking around, just a face in the crowd try to keep myself out of the rain

Saw a vagabond king wear a styrofoam crown wondered if I might end up the same

There's a man out on the corner, singing old songs about change
everybody got their cross to bare, these days.

2. She came looking for some shelter with a suitcase full of dreams

To a motel room on the boulevard I guess she's trying to be James Dean

She's seen all the disciples and all the 'wanna be's' no one wants to be themselves these days

Still there's nothing to hold on to but these days

R: These days the stars ain't out of reach - These days there ain't a ladder from the streets oh no no

These days are fast, nothing lasts in this graceless age - There ain't nobody left but us these days

3. Jimmy shoes busted both his legs, trying to learn to fly

From a second story window, he just jumped and closed his eyes

His momma said he was crazy - he said momma "I've got to try" Don't you know that all my heroes died

And I guess I rather die than fade away - yeah

R: These days the stars ain't out of reach But these days there ain't a ladder from the streets oh no no

These days are fast, nothing lasts it's a graceless age - Even innocence has caught the midnight train

There ain't nobody left but us these days

*: I know Rome's still burning though the times have changed

This world keeps turning round and round and round and round these days

R: These days the stars ain't out of reach But these days there ain't a ladder from the streets oh no no

These days are fast, nothing lasts it's a graceless age - Even innocence has caught the midnight train

R: These days the stars ain't out of reach But these days there ain't a ladder from the streets oh no no

These days are fast, nothing last there ain't no time to waste -

There ain't nobody left to take the blame

There ain't nobody left but us these days

There ain't nobody left but us these days
