

## Miss Volkova

Bondage Fairies

When I was in Russia  
I got into fight  
I was knocked unconscious  
by this brute who's name was Mike

When I got my conscious back  
I saw her standing there  
She looked just like an angel  
except for her short black hair

Then I realized that I was not alive  
I'd become a ghost  
and she was just a dream  
And all the things she said,  
it suddenly made sense
